

SAVE WITH SILDENAFIL AND TADALAFIL!

Erectile Dysfunction (ED) affects approximately 40% of men over 40 and increases to over 70% of men over 70. There are effective treatments but the problem that many people encounter is that a single treatment dose of these medications can cost over \$50!

Sildenafil is the active ingredient in Viagra®. Tadalafil is the active ingredient in Cialis®. FDA approved generic Sildenafil and Tadalafil are now available at Southern Village Pharmacy at a very reasonable price. Here are our options/pricing:

Sildenafil (active ingredient in Viagra®)

Sildenafil 20mg:

- \$1 per tablet
- **Best Value - \$75 for 90 tablets**

Sildenafil 50mg and 100mg:

- \$5 per tablet
- **Best Value - 30 tablets for \$100**

Tadalafil (active ingredient in Cialis®):

Tadalafil 5mg:

- \$1 per tablet
- **Best Value - \$75 for 90 tablets**

Tadalafil 20mg:

- \$5 per tablet
- **Best Value - 30 tablets for \$100**

These medications require a prescription from a licensed prescriber (e.g. your doctor). Share this info with your doctor to ask if any of these options are right for you.
